Dear _____,

_____ did not attend the Child Lures Prevention program recently presented at his/her age and developmental level.

Please use the Child Lures Prevention Parent Guide given to you through the parish to instruct your child in the personal safety skills it contains. Then complete the attached form and return it to the religious education office without delay. We must receive your written response to ensure that your son/daughter understands these important life skills.

Thank you for your prompt response.

In Christ,

Louise Bridge
